Comprehensive Accreditation Consulting

The Accreditation Consultants offer comprehensive accreditation services for ICAEL, ICAVL and ACR ultrasound accreditation. From start to finish, we focus on you and your ultrasound laboratory. We take care of the details associated with these applications, so you and your staff can focus on taking care of your patients.

Echocardiography and Ultrasound laboratory accreditation can be overwhelming and it is often difficult to know where to begin. We offer Accreditation Packages customized to your specific needs. We offer many options ranging from our basic Application Final Review to Comprehensive Application Submission and Consulting. Whatever your accreditation needs, we can customize a solution specific for you.

Quality Assurance Programs

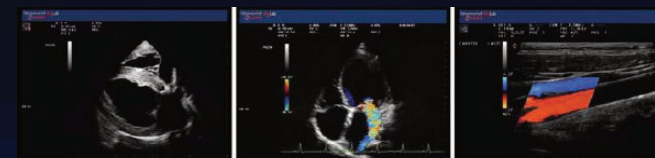

We know that operating your ultrasound or echocardiography laboratory requires full-time attention. After the initial application has been submitted, even with proper instruction, many laboratories fail to comply with the ongoing accreditation requirements. The Accreditation Consultants offer ongoing Quality Assurance Programs to assist your lab in meeting the continued accreditation requirements, after the initial application submission. We perform the required study comparisons and exam reviews as well as facilitate the required department quality assurance staff meetings. We offer convenient payment options.

The Accreditation Consultants offer Accreditation Quality Assurance made simple. Let us focus on you, so you can be free to focus on your patients and your practice.

Adaptable Protocols & Manuals

In addition to our comprehensive accreditation services, we also offer adaptable quality assurance and policy & protocol manuals, as well as individual imaging protocols for online purchase and immediate download on our website. Edit these pre-formatted documents to your lab specific protocols. Visit us online today!
